

UPDATE ON THE COVID-19 AND ITS CONSEQUENCES

Paris, 16 March 2020 – “We are going through an unprecedented period that requires citizenship, solidarity and responsiveness. Our Group follows, day after day, with the greatest attention each new development linked to the coronavirus (COVID-19) and its spread, especially in the regions where its sites - ski areas and leisure parks - are established. We are in permanent contact with the local authorities concerned and follow as closely as possible the requirements of the authorities of each country where we are present. **This has led us to temporarily close all of our leisure parks and, in conjunction with our delegating authorities, to end the season for ski areas. Our top priority is the health of our employees and all of the people with whom our organization interacts**” Says Dominique Marcel, Chief Executive Officer of Compagnie des Alpes

We ensure our customers of our full mobilization to inform them and process if necessary requests for postponement, credit or reimbursement. We invite them to refer to the websites of each of our destinations for more information.
